Ward Pavements Inc.

## ENGINEER

Orange County Public Works Dept.

## INSTALLATION DATE

June 12, 2001

## OVERLAY DESIGN

12.5 mm ACC leveling course

GlasGrid® 8502

50 mm ACC wearing course

## PROJECT DETAILS

Due to very fine, silty soils in the area, significant longitudinal cracking had developed annually resulting in the need to carry out substantial road repairs biannually.

After 8 years of New York State weather, the pavement is still in very good condition. The County has continue the use of GlasGrid based on the performance of this project.
